# Everyday luxury. Everyday style. Everyday practicality.

Whether it's the best in affordable architectural style, or the ultimate in indulgent, cosy luxury – the Modelle range of towel rails has it all!

## Modelle Heated Towel Rails

Is there any thing more utterly indulgent and completely desirable than a delightfully warm towel after a shower or bath, particularly on a cold winter's day? It's one of those little things in life that can make all the difference. Happily, it's a touch of luxury that you can indulge yourself in everyday – with a Modelle Heated Towel Rail. The towels are warm, fluffy, dry and waiting for you from your shower. Afterwards they dry quickly so there's no wet towels all day long. You can even dry damp clothes. That's a lot of practical convenience, all at a very low running cost. A Modelle Heated Towel Rail really is an everyday luxury for the whole family.

### Guaranteed quality

All Modelle Heated Towel Rails come with a 5 Year Replacement Warranty and are constructed from the highest quality polished stainless steel.

### Affordable performance

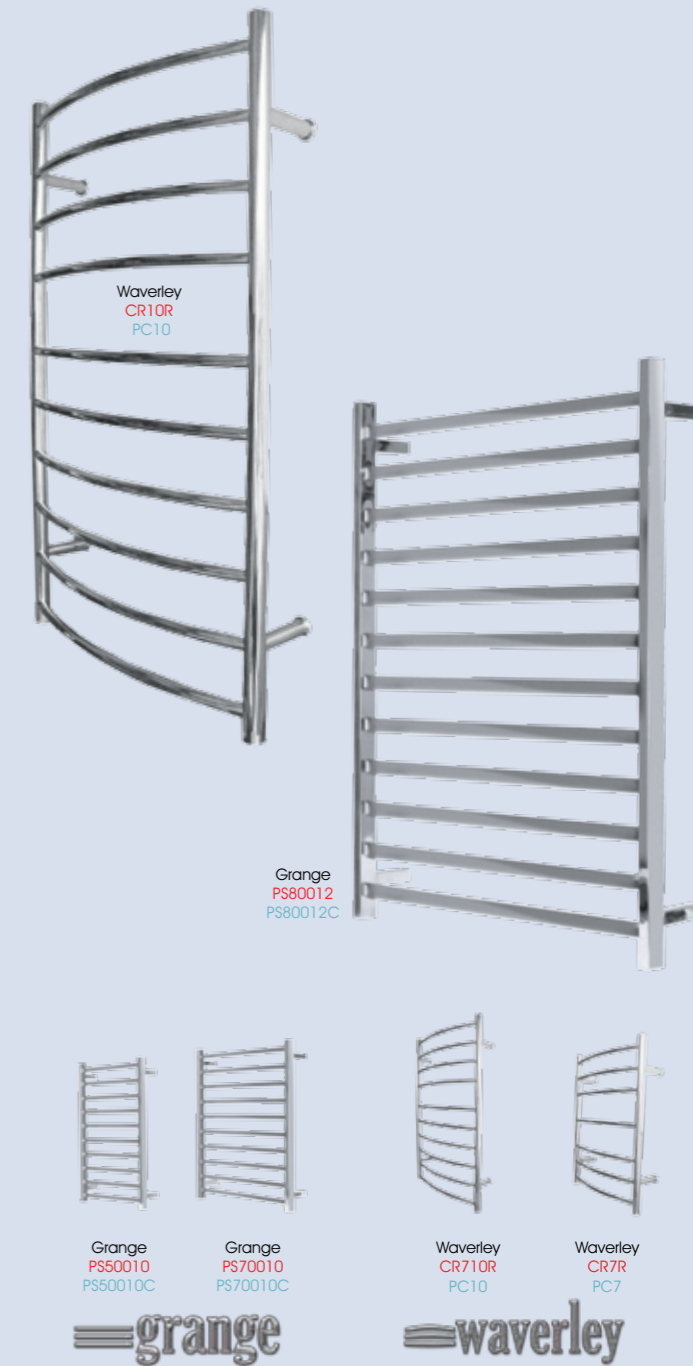

For just a few cents a day to run, Modelle heated Towel Rails will give your family a touch of practical luxury, everyday!

## Modelle Standard Towel Rails

The same ultra-stylish towel rail designs are to be found in standard, non-heated versions in the Modelle range.

### Quality and style combined

The same care and quality go into the manufacture of all Modelle towel rails. And the choice and style is there right across the range for everyone to see!

### A design for every bathroom.

Modelle towel rails come in a range of two different styles - The Grange and The Waverley - each boasting its own unique features to suit various bathroom decors.
